Business & Force Support (BFS) Business Portfolio

Claudia Kiefer
BFS Deputy Portfolio Manager

Business & Force Support (BFS) Portfolio

BFS Portfolio Overview

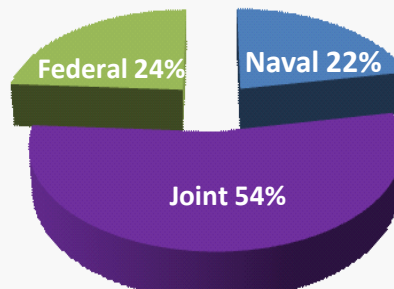

Delivers business enterprise systems, applications, and services to meet the business IT needs of Navy, DoD, and other Federal agencies. BFS Portfolio offerings include systems/network engineering and integration, information assurance, enterprise security solutions, enterprise services/applications development, deployment, sustainment, life cycle management, system hosting, data center, and help desk services.

Top Strategic Sponsors

Dept of Veterans Affairs
SPAWAR/PEOs
TRICARE Management Activity
Defense Logistics Agency
Bureau of Medicine and Surgery

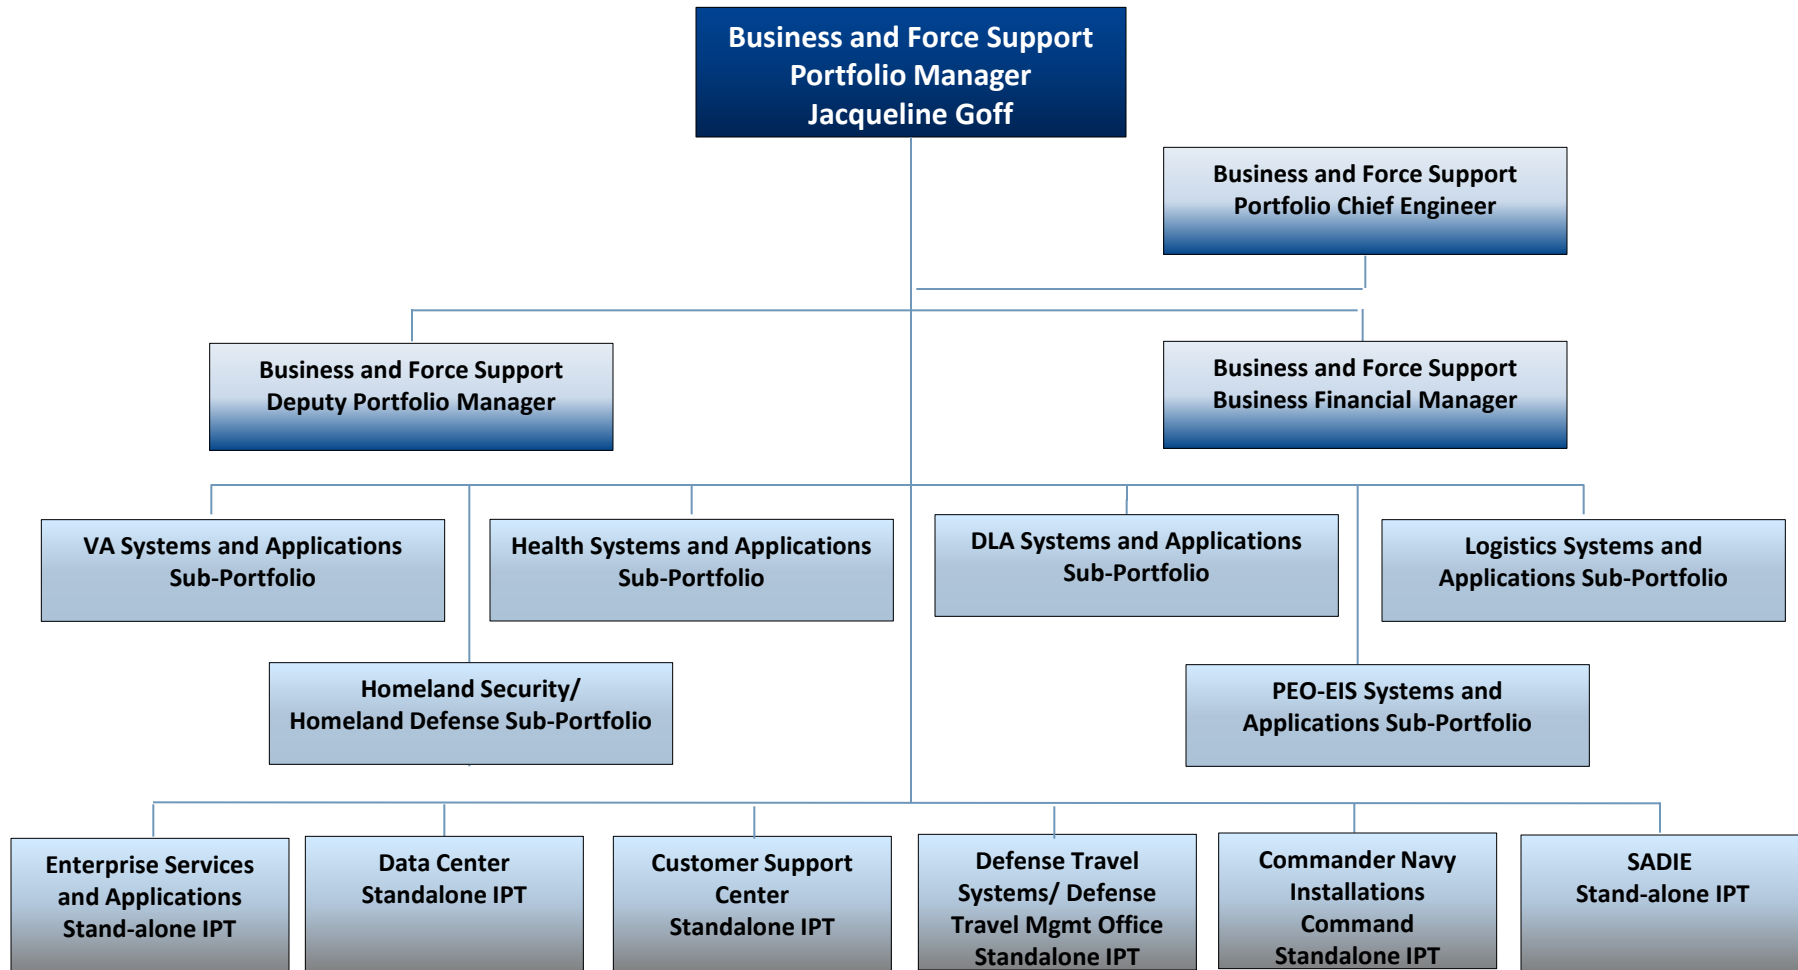

Market Mix

Key Technologies

Security Engineering
Virtualization
Cloud Technology
Agile SW Engineering
Wireless

Business and Force Support (BFS) Portfolio Organization

Health Systems Sub-Portfolio

MISSION

To rapidly deliver enterprise IT solutions and infrastructure across the Navy, Joint, and Federal Health System communities.

IPTs

- JMIS/DHIMS
- Navy Medicine
- MHS Cyber/Infrastructure
- Medical Data Management
- DoD/VA Joint Interagency
- National Cancer Institute
- Medical Informatics
- Air Force Medical
- HS Infrastructure
- Joint IA Service
- BUMED

Top Sponsors

- DoD TRICARE Management Activity
- Navy Medicine
- Air Force Medical Support Agency

Programs

- DHIMS
- AHLTA
- ESSENTRIS
- TMIP
- HAIMS

Key Technologies

- Network & Systems Integration
- Computer Network Defense Services
- Desktop Virtualization
- Enterprise Active Directory & Exchange
- Intranet administration & maintenance
- Wireless
- Data Management & Analytics

Veterans Affairs Sub-Portfolio

MISSION

To rapidly deliver programmatic support, systems engineering expertise, and technical services to the Department of Veterans Affairs (VA) to enhance the VA's ability to deliver world-class benefits and services to America's Veterans.

IPTs

- VA Benefits
- VA Web Portal
- VA Applications Support

Top Sponsors

Veterans Affairs

Programs

- GI Bill/Chapter 33 Long-term Solution
- eBenefits Portal
- Veterans Benefits Management System (VBMS)

Key Technologies

- Agile Integrated Development Environment (AIDE)
- Identity management architecture systems engineering
- Web portal development and maintenance
- Legacy application modernization, data engineering and migration
- VA-DoD data interoperability systems engineering

PEO-EIS Sub-Portfolio

MISSION

To rapidly deliver integrated IT products and services to PEO-EIS to develop, acquire, field, and support Navy manpower, distribution, pay and personnel management systems.

IPTs

- PMW 240 NSIPS
- PMW 240 FPPS
- PMW 240 Legacy
- DONCJIS

Top Sponsors

PEO-EIS

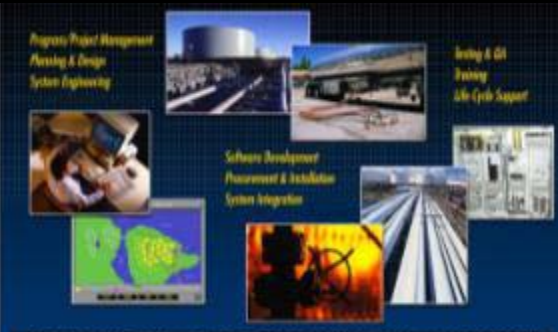

Programs

- SEA WARRIOR
- NSIPS
- FPPS
- DONCJIS

Key Technologies

- Systems engineering and maintenance
- Application modernization
- Automated services

Defense Logistics Agency Sub-Portfolio

MISSION

To rapidly design, deliver and support fuel automation equipment and critical fuel infrastructure systems at all DoD fuel facilities worldwide .

IPTs

- AFHE (11 teams disbursed world-wide)
- Environment Leak Detection Support
- AFHE Site Support
- ATG IIB/R
- ATG/IAS/OPE Site Support
- AFSS/MAFSS/APOSC Site Support
- MILCON Review
- ICS-SW
- DLA AIS

Top Sponsors

Defense Logistics Agency

Programs

- Automated Fuel Handling Equipment (AFHE)
- Automated Tank Gauging (ATG)
- Automated Fuel Service Stations (AFSS)
- Environmental *Leak Detection* (ELD)

Key Technologies

- Systems engineering and integration
- Sensors, instrumentation, automated controls and pipeline/tank monitoring
- Web-based decision support and analysis tool development

Department of Homeland Security/ Homeland Defense Sub-Portfolio

MISSION

To provide full life cycle support, engineering, consulting, and program management for military, other DoD, and Federal homeland security/homeland defense systems that protect critical infrastructure, personnel, and key assets.

IPTs

- Navy
- USMC
- Defense
- OCONUS
- Federal
- Intel

Top Sponsors

- Navy
- Marine Corps
- Army
- Air Force
- Department of Homeland Security
- National Geospatial-Intelligence Agency

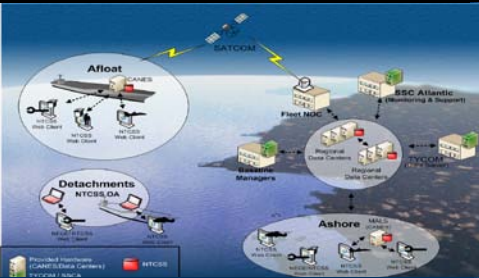

Programs

- NGA Facility FT Belvoir

Key Technologies

- Physical security systems engineering development &, integration
- Integrated electronic security systems
- Physical & Electronic security systems
- Emergency management systems
- Emergency response systems
- Security Command Centers operations/Sensitive Compartmented Facilities (SCIF) security

Logistics Sub-Portfolio

MISSION

To rapidly design, develop, deliver and support logistics systems and solutions for Navy and Marine Corps Warfighters.

IPTs

- NTCSS
- LOGTAG
- MFOM
- EPUK

Top Sponsors

- PEO-C4I
- NAVSUP
- USFFC
- USMC

Programs

- NTCSS
- MFOM

Key Technologies

- Systems engineering & integration
- Agile software engineering
- Enterprise architecture development

BFS Standalone IPTs

Data Center IPT

MISSION

To provide world-class Data Center capabilities and technical services to Navy, DoD, and Federal Agency customers.

Top Sponsors

PEO-EIS
BUMED
CNRC

NAVAIR
USFFC
AIR FORCE

Key Technologies

- Cloud Infrastructure as a Service (IaaS)
- Server Virtualization
- Cyber security & defense
- Systems Engineering & Integration

Top Sponsors

PEO-EIS
NETC

Air National Guard
CNATC

Programs

NSIPS
NROWS

RHS
MRRS

CMS/ID
AROWS

Key Technologies

Help Desk/Call Center management, operations, and Tier 1/2/3 support

Customer Support Center IPT

MISSION

To provide Customer Support Center/Help Desk services in accordance with customer requirements and approved Service Level Agreements (SLAs).

BFS Standalone IPTs

CNIC IPT

MISSION

To serve as strategic advisor and engineering technical agent in support of Commander Navy Installations Command's (CNIC's) goal of delivering improved shore readiness for the Fleet, warfighters, and their families.

Top Sponsors

CNIC

Key Technologies

- I-Shore business intelligence analytics & data visualization; Geospatial Information Services (GIS).
- CAC technology application development
- Mobile Application, platform integration, Sharepoint, Data Warehouse.

Top Sponsors

DTMC	SURFPAC	AIRLANT
CNRF		SURFLANT

Key Technologies

- DoD Travel Assistance Center (TAC) management, operations
- Travel Call Center services for entire DoD Travel Enterprise, JFTR, travel policy, air booking, car rental, hotel rental, bus rental, & recruit assistance

DTS/DTMO IPT

MISSION

To provide Defense Travel System (DTS) Call Center support, travel system support to the Fleet, and automated financial management for the Operating Target (OPTAR) budget in support of Commander, Naval Air Force Atlantic (COMNAVAIRLANT) activities.

BFS Portfolio Summary

- ▼ Design, develop, integrate, and sustain information technology (IT) solutions that improve business and force operations
- ▼ Focused on delivering capability and leveraging solutions to support multiple customers and reduce their costs
- ▼ Committed to providing best-value products and services
